## Book Synopsis

*An ancient mystery. An unlikely union. For one young princess in a state of peril, a dangerous wish could be the only answer...*

She is the princess of Bharata—captured by her kingdom’s enemies, a prisoner of war. Now that she faces a future of exile and scorn, Gauri has nothing left to lose. But should she trust Vikram, the notoriously cunning prince of a neighboring land? He promises her freedom in exchange for her battle prowess.

Together they can team up and win the Tournament of Wishes, a competition held in a mythical city where the Lord of Wealth promises a wish to the victor. It seems like a foolproof plan—until Gauri and Vikram arrive at the tournament and find that danger takes on new shapes: poisonous courtesans, mischievous story birds, a feast of fears, and twisted fairy revels. New trials will test their devotion, strength, and wits. But what Gauri and Vikram will soon discover is that there’s nothing more dangerous than what they most desire.
